

SCRATCH ACCOUNT

NEW TO SCRATCH? GET STARTED BY CREATING YOUR SCRATCH ACCOUNT!

You will need a Scratch account to create, save, and share your Scratch projects. The steps below will walk you through creating a new account and setting up your profile. ----->

START HERE

- ❑ Open a web browser and navigate to the Scratch website: <http://scratch.mit.edu>
- ❑ On the homepage, click on "Join Scratch" at the top on the right or in the blue circle.
- ❑ Complete the three steps to sign up for your very own Scratch account!

The image shows a screenshot of the Scratch website homepage. At the top, there is a navigation bar with "Scratch" logo, "Create", "Explore", "Discuss", "Help", a search bar, and "Join Scratch" and "Sign In" links. Below the navigation bar, the main content area features the Scratchy character, a "TRY IT OUT" button, a "SEE EXAMPLES" button, and a "JOIN SCRATCH (it's free)" button. A dashed arrow points from the "JOIN SCRATCH" button in the main content to a "Join Scratch" modal window. The modal window has a close button (X) in the top right corner and the text "It's easy (and free!) to sign up for a Scratch account." Below this text are three input fields: "Choose a Scratch Username", "Choose a Password", and "Confirm Password". A blue tooltip with the text "Don't use your real name" is positioned over the username input field. At the bottom of the modal, there is a Scratchy character icon, a progress indicator with three steps (1, 2, 3) where step 1 is highlighted, and a "Next" button.
